DEPEND ON IT.

POWERFUL SOLUTION

The ETC 35 SNT is a non-insulated unit with 40’ of working height and 390 degrees of non-continuous rotation. This aerial is an articulated, telescoping model providing the end-user a powerful solution to meet all personnel lifting needs in the field. Bucket mounted controls, variable speed controls and hydraulic bucket leveling are standard on this unit with a multitude of available options to suit each customized need.
