# ETC 37 IH

## ARTICULATED / TELESCOPIC INSULATED

### INSULATED VERSATILITY

This ETC model is one of the most popular products offered by ETI and with good reason. The ETC 37 IH is an insulated unit that offers an articulating and telescoping aerial with a working height of 42 feet. Its many standard options include boom tip covers, single handle controls, continuous rotation, full pressure hydraulic controls, emergency lowering valve and more. It can be fully customized to a customer's individual need by adding a host of options including increased bucket capacity, tool circuit, outriggers and others. This model is built to satisfy customer demand for power, reach, and innovative design.

DEPEND ON IT.
