# MECHANICS BODY **PAL Pro 43**

Mechanics Bodies, Service Cranes & Compressors  
Built for the Modern Work Truck.

**LIFETIME EXCELLENCE**

With the best equipment for the job, add a competitive edge to your business in a range of industries. Our mechanics trucks are a reliable partner in: Construction, Roadway, Railway, Agriculture, Oil & Gas, Mining, Utilities and Municipalities.

#### **APPLICABLE CRANE MODELS**

- PSC 3216
- PSC 4016
- PSC 4025
- PSC 5025
- PSC 6025
- PSC 8029

#### **APPLICABLE COMPRESSORS**

- PRC 45V
- PRC 60V

# HIGHLIGHTS

The largest of the Class 3-5 PALFINGER Mechanics Bodies, the PAL Pro 43 is a steel mechanics body engineered to support our 8,000 lb 29' hydraulic service crane. Available in 11' body configurations with standard options to meet your service truck needs including bolt on mounting locations for accessories like compressors and welders, headache racks, aluminum roll out drawer units and more.

The PAL Pro 43 is manufactured with 12-gauge all A-60 galvaneal steel construction, a hybrid torsion box that eliminates frame and side pack deflection and the best rust protection in the industry.

### NON-MARRING BOOM REST

Optional fixed or adjustable non-marring boom support E-coated black.

### DOOR DESIGN ELIMINATE WELDING

Double panel doors with internal C-channel stiffeners, adhered with structural adhesive.

### LINE-X ULTRA INTERIOR COMPARTMENT COATING FOR GREATER PROTECTION

LINE-X Ultra provides the ultimate protection for your compartment interiors. It resists the damage commonly caused by tools, chains and parts, and prevents the rust that comes as a result. As an added bonus, the coating is white in color and helps to brighten up the interior.

### E-COAT CORROSION PROTECTION

PALFINGER's 12 step electrophoretic deposition dip process cleans the body and applies primer to the metal surfaces, ensuring complete coverage and automotive grade corrosion protection.

### INTERNAL GUSSETS PREVENTS BODY CRACKING

Every raised compartment comes with PALFINGER's engineered gussets for increased protection against the body cracking in the door corner.

### WORK BENCH BUILT FOR YOUR HARD WORK

A true mechanics work bench, featuring a 21" work bench bumper, receiver hitch, 5/16" steel top plate and thru compartment for additional storage.

# FEATURES

## **HYBRID TORSION BOX BUILT FOR CRANES**

Designed from the start for crane applications and utilizing 10ga A-60 galvanized steel, the hybrid torsion box eliminates truck frame twist and side pack deflection.

## **STRUCTURAL CROSS-MEMBERS PAYLOAD SUPPORT**

Tubular 3"x 5" structural steel cross-members interlace the torsion box to support compartment loads.

## **OUTRIGGER HOUSING INTEGRATED LIFTING SUPPORT**

Integrated outrigger tube reduces stress on chassis frame by transferring the crane load directly to the ground.

## **REAR SHEAR PLATE BODY MOUNTS SECURE AND SUPPORTIVE MOUNTING**

Steel plates prevent lateral body shift on chassis, providing additional support for crane loads.

## **INTEGRATED HITCH RECEIVER CLASS 5 RECEIVER**

2" I.D. receiver tube, attached directly to body structure. 16,000 lbs towing capacity.

## **THREADED WELDMENT OPTIONS TO PROTECT YOUR BODY**

Boom rest, welder, compressor, EnPak, Air-n-Arc and AirPak mounts are available from the factory to eliminate the need to drill holes in the body.

## **STEEL SHELVING AND DIVIDER TRAYS FLEXIBLE STORAGE**

Steel shelves or divider trays with 250 lb rated capacity offer variable storage options for each compartment.

## **HEADACHE RACK SAVES COSTLY REPAIRS**

This light bar bracket with a punched screen prevents cargo area contents from making contact with the rear window of the cab-saving you from costly rear window repairs & cleanup.

## **BOLT ON HANDRAIL OPTION FOR ADDED SAFETY**

Ergonomically designed handrail option, with a stable surface to grip, for your added security against tripping or slipping hazards.

## STANDARD CONFIGURATIONS

### 43-11

11' standard configuration  
44" tall compartment heights  
14" tall one handed tailgate  
Treadplate compartment top overlays

### 43-11CS

11' CS raised  
44" tall compartment heights  
CS front compartments raised to 60"  
14" tall one handed tailgate  
Treadplate compartment top overlays  
Reinforced raised compartment

### 43-11SS

11' SS raised  
44" tall compartment heights  
SS front compartments raised to 60"  
14" tall one handed tailgate  
Treadplate compartment top overlays  
Reinforced raised compartment

### 43-11SSCS

11' SCS raised  
44" tall compartment heights  
SS & CS front compartments raised to 60"  
14" tall one handed tailgate  
Treadplate compartment top overlays  
Reinforced raised compartments

### 43-11SS60CS

11' SS60CS raised  
44" tall compartment heights  
SS all compartments raised to 60"  
CS front compartments raised to 60"  
14" tall one handed tailgate  
Treadplate compartment top overlays  
Reinforced raised compartments

# HYDRAULIC SERVICE CRANE **PSC 8029**

LIGHTER | LONGER | STRONGER

**LIFETIME EXCELLENCE**

BUILT TO LAST

Meeting or exceeding all ASME and OSHA standards, the PSC 8029 is a full hydraulic service crane with 8,000 lbs capacity. The PSC 8029 hydraulic service crane comes standard with simultaneous multi-function proportional radio remote controls, superior weight-to-lift ratios, and 29’ of reach. The crane is exclusively E-coated by PALFINGER for the best rust protection in the industry.

E-COAT PROTECTION

Most rust resistant telescopic crane on the market

MEDIA BLAST

A high quality process that removes any surface imperfections and provides an optimized surface for E-coating.

E-COAT

Automotive grade and environmentally friendly coating process is applied with precision over the entire product ensuring superior corrosion protection.

TOP COAT

All E-coated steel components receive a top coat finish that ensures maximum durability.

LIGHTER.

PALFINGER’s service cranes are as much as **30% lighter** than the competition — without sacrificing strength or reach. Less weight means more payload for tools and supplies necessary on the job site.

LONGER.

Up to **30% longer** than the competition, PALFINGER’s service cranes have the longest reach in the industry. More reach means fewer setup adjustments on the job site and improved access for those challenging lifts. Standard boom lengths are 16’, 25, and 29’ depending on the size of the crane.

STRONGER.

PALFINGER’s service cranes are up to **20% stronger** than the competition, with a superior lifting moment rating and load chart to do more work in more places. With PALFINGER’s safety systems, including the exclusive winch damage prevention system, lifting more is also safer than ever before.

STANDARD FEATURES

PLANETARY WINCH

Planetary winch provides speed and durability.

HORSE HEAD

Low profile design. Optional boom tip hook and lights. No A2B components to interfere with operation.

LOAD BLOCK STOWING BRACKET

Bracket and pads designed to keep load block from contacting the boom when stowed.

HEXAGONAL BOOMS

Ultra-low maintenance high tensile strength self-centering single weld boom sections powered by internal extension cylinders.

CYLINDERS

Internal extension cylinders for 29’ of hydraulically powered outreach. All cylinders are E-coated and use a 5 stage marine grade seal system.

CONTROL SYSTEM

Features a standard proportional wireless remote control unit, integrated E-stop button, warning horn and manual valve activation capability. Cranes are controlled with 12V DC power supply.

3RD WRAP LIMITING SYSTEM

Integrated system prevents wire rope spool off, ensuring three wraps remain on drum. Exceeds ASME B30.5.

PROPORTIONAL CONTROL

Through the control valve, fully proportional control of all functions is standard.

3-YEAR WARRANTY

PALFINGER service cranes come with an industry leading 3-year warranty on all structural components

# OPTIONS & ACCESSORIES

Many optional features are available for PALFINGER service cranes to meet your demands on the job. Contact your PALFINGER Representative to learn more!

### PERSONNEL BASKET CRANE ACCESSORY (PATENT PENDING)

Industry-first from PALFINGER designed specifically for service cranes with 5,000 lbs. capacity and above. Quickly set up and attach basket to crane for maximum efficiency on the job. Folds into a compact storage box and mounts onto the body for transport.

Personnel Basket Capacity	300 lbs.
Personnel Basket Weight	280 lbs.
Complete Installation (incl. boxes):	400 lbs.

# OPTIONS & ACCESSORIES

**BOOM TIP HOOK**  
PALFINGER exclusive 2.5 ton capacity boom tip hook. Horsehead has threaded weldment for mounting.

**ELS SYSTEM  
EASY LOWERING OF LOAD BLOCK**  
Unique solution to lower the hooking point for the load block. Winch is used to lift load block in its stowed position.

**BOOM TIP LIGHTING**  
With the addition of a retractable cord reel we bring power to the boom tip to light dual work lights that swing freely while raising and lowering the boom to illuminate your working area.

**BOOM REST**  
Non-marring boom rest that supports the crane while protecting the paint finish.

**OUTRIGGERS  
FOR ADDED STABILITY**  
Support your lifting application needs with manual and hydraulic outrigger options.

**P2 RADIO REMOTE CONTROL**  
Paddle-style controller offers the possibility to completely eliminate the radio signal when the cord is plugged into the receiver.

**PROTECTIVE CASE WITH BELT LOOP  
KEEPS REMOTE AT YOUR SIDE**  
Nylon case with clear plastic cover protects your remote control from harsh weather elements, while the belt loop allows you to attach the remote to your work belt for added convenience on the job.

**SILICONE COVER FOR REMOTE  
KEEPS REMOTE CLEAN**  
Flexible silicone cover helps keep dust, dirt, and grime off of your remote control – so you can focus on controlling your service crane and not cleaning the remote.

**REMOTE STORAGE BRACKET  
SECURELY STOWS REMOTE**  
Stow the remote control using the metal storage bracket and mount it in the cab or the crane compartment. Thanks to the remote magnet, the remote will be held securely in place during transport.
